Vice President: John Edel K8LBZ

Sect./Treas. Lawrence Schmader K8RMY

## TRUSTEES

John Blazekovich K8KTM Henry McLaughlin W8OYV

Shirley Rex K8MZT Clarence R. Roy W8HR

Bob Van Nostran K8DRS Carmella Cicerello W8NAL

\*\*\*\*\*

Meetings are held 1st and 3rd Wednesday of each month at the Red Cross Building - 123 - 3rd Street S.W. Canton, Ohio.

\*\*\*\*\*

"The FEEDLINE" is the official organ of the CANTON AMATEUR RADIO CLUB, INC. mailed monthly to all club members, to others on request. Donations welcome to help defray the cost.

Another year is drawing to a close and we can look back at a very successful year of club activity. Field Day and VHF contest results were something to be proud of. Especially pleasing was the number of club members active in these contests. The activation of Amcross program is progressing where we have an emergency network of which we can be of service to the public when required,

Activation of a two meter net should be accomplished by the first of March or sooner. This equipment should be available by the meeting of December 19. So be sure and attend to make arrangements to obtain your piece of equipment. We hope to have approximately 30 transceivers available, thanks to Dave Domer, W8GSK.

The program for the 19th will be a tape of a number of passes of Oscar II. Your officers, trustees intend to have a program at each meeting. We are interested in anything pertaining to radio or electronics. Any suggestion or help in lining these up will be appreciated. We will attempt to have these programs lined up far enough in advance to announce them in the Feedline before the meetings.

At the meeting of January the 2nd, Denny Frey, K8NIB, will have a 1296 Mc transmitter and will discuss the special problems involved in operating and constructing equipment for these frequencies. Those of you who are not familiar with equipment at these frequencies will be interested in the drastic variation of parts and techniques involved. Moonbounce has been accomplished at these frequencies. January 16th we hope to have a manufacturer's representative discuss the problems involving antennas.

Continued

\*\*\*\*\*SPECIAL\*\*\*\*\*

The club will have a dinner on Sunday January 27th at 4 P.M. At the Town & Country Restaurant on the Canton-Massillon road at Reedurban.

Smogasbord style and all you can eat for \$3.40 per person, including tax and tip. Chicken, Ham, Roast Beef and all the sides you can think of. Let's see a lot of you member and wives who can't attend because of working or other reasons on regular meeting nights.

Let's take the wife out (girl friend acceptable) and repay her for all the fine food she prepared for you and all the work she had during the holiday season.

Please call Larry Schmader at GR-7-3152 and make your reservations now. (The restaurant has agreed to wash all the dishes, so that young girl you married won't have to do that.) There will be a private dining room for the party.

K8MZS-Chuck

The certificate project has been tabled, pending legal clarification. We hope to have this story within six to eight weeks.

RED CROSS NET  
28.8 & 50.7

On Sunday January 6, the Red Cross Net will have roll call at the usual time 11:45 AM. At this time we hope to clarify our status with the Mutual Aid Net, M.A.N.. It has been proposed that M.A.N. be active twice a month. Should this occur, our time may be changed to later, say 1:00 or 1:30 PM. Listen for this announcement.

THIS MONTHS COVER

Our cover for December 1961, brought forth many comments (favorable of course). With the same theme in mind, we bring you another attractive young lady, with a background designed with the dreams of all HAMS. The young lady is Ann Marie Parks, daughter of Bill and Mickey Parks K8JZN, better known to her many friends as "Cookie". Ann Marie is (15½) years old, a sophomore at Hoover High School, North Canton, Ohio. Like many teenagers her life ambition has not yet been decided, but we are sure her secretarial course in school will play a big part, when that decision has been reached.

For hobbies: she likes dancing, and sewing, we could say boys, but I think that would be unfair. Ann Marie has one sister, Linda and two brothers, David and Scott. Our thanks to Ann Marie for being our cover model. We think our readers will agree that she makes a very lovely Santa Clause.

By the way, the om K8JZN was the FEEDLINE cover for February of this year.

Special Note from the Publisher:

During the last year and a half the feedline has come up from the lowly mimeograph sheet to the printed booklet with a picture of one of our members on the front page some in a single color halftone others in three and four color separation. This was due to the efforts of W8YAB and Co. Black & White and Kodachrome or Kodacolor. The news for the inside is collected and typed up by W8OYV which is by no means a light chore, I think we should all give them a standing vote of thanks at the end of this year 1962 for a job well done. And in the coming year send in news items to help make the job easier. We hope that in the near future when one of our members learn to operate this typesetting machine, we will be able to use type instead of a typewriter which will further help the looks of our paper.

Thank you: Rob-Roy Graphic Arts- W8HR

The Ohio emergency Net is being revived by K8GSQ (Barney) on 3973 each Sunday at 5:30 PM.

Again WALKERADIO is sponsoring the mailing of our Dec issue of the FEEDLINE. The film company Arnold and Arnold moved into WALKERADIO with a hand full of directors, stage hands and decorators to film our cover this month.

Eugene Arnold W8YAB, a pro with the camera has taken all of our cover pictures for past two years, with his XYL-Flo as assistant.

Equipment was moved, re-arranged, flood-lights were set under the direction and supervision of W8YAB his xyl Flo and Rob Roy W8HR, who also is a professional with photography. (note the finished picture) Mim xyl of W8ADQ moved in with decorations to add a seasonal touch to the settings.

Cookie our model was described elsewhere, but we would like to add that her mother Mickey fashioned the costume worn by Santa. Stage hands were Nolan Walker W8ADQ, Paul Snyder W8ABC and my self W8OYV. I must say we did a very fine job of getting in the way.

During this session they were some 52 pictures taken, using both color and black & white film.

Kodacolor and Kodachrome II Professional film was used for the color.

During the picture taking project an old friend Lynnwood Van Aman W8YKA and XYL-Gladys dropped in to say hello. Van sends regards to the Canton Gang.

-----

Dogs in Siberia are the fastest in the world because the trees are so far apart.

BACHELOR: A rolling stone that gathers no boss.

## Club Members

AM I a member of The Canton Amateur Radio Club Inc? Who Are members? I have not attended a meeting for over a year, am I still considered a member? These and many other questions does not enter the individuals mind unless he or she is elected to office.

To become a member, it is relatively easy, fill out a application, have a fellow member to endorse it, attend at least two meetings and get your certificate of membership.

This is quite complicated compared to the procedure used in the early 40's. One was a active member by simply stating that he was interested in amateur radio, from then on it was up to you, you could attend once a year or stay home a year and still be a active member. Many ways were tried to correct this situation without hurting the individuals feelings.

Prior to incorporating in 1961, the officers adopted the use of member applications. On approval of the applicant, you are assigned a number. On file with your Secretary is a cross index of members by number and call.

When a member knowingly has moved from this area, his number will be re-issued. Should he return a new number will be assigned to him.

Remember your number, as is used for door prize drawings each meeting night.

Our roster is 162 assigned numbers.

From this we rate a average attendance of 40. Not bad considering that this average is made up from about 70% of our active members.

How about the inactive members? Do they want to remain a member? It has been proposed, that once a year, a duplicate card be mailed to all members that fail to register at least twice a year.

Should this card fail to return within a reasonable length of time, the member would automatically be removed.

Please remember I said proposed. Following is a list of our present roster. By number, by call and by name.

- 1 -W8ADQ Nolan Walker
- \* 2 -W8RNL Bill Vignos
- 3 -W8AL Wilson Weckel
- 4 -K8BXU Alex Meleg Jr
